

ADAPTATION FUND

Adaptation Fund Funding Opportunities

There are a number of ways to access funding from the Adaptation Fund. Proposals can be submitted at any time, and are considered by the Board at its meetings. Countries can access funds through an **accredited Implementing Entity (IE)** to the AF. These are institutions approved by the AF Board to receive direct financial transfers from the AF in order to implement adaptation projects and programmes. This includes National Implementing Entities (NIE), Regional Implementing Entities (RIE), and Multilateral Implementing Entities (MIE).

Grants are available under the Fund's strategic pillars of Action, Innovation, and Learning & Sharing. Readiness grants are also available to new NIEs seeking accreditation and to help guide them through AF's accreditation and project development processes.

Maximum funding amounts for projects and programmes

Each country can access up to a total of USD 20 Million for **single country projects/programmes** through IEs. A single country project can be for a maximum amount of USD 10 million. Eligible countries can access up to USD 20 million total provided either:

- They accessed at least USD 8 million for a prior concrete single country project/ programme ;
OR
- Four years have passed since approval of the country's first project proposal by the AF Board.

In addition, a country can be part of one or more **regional projects/programmes**, for a maximum of USD 14 million per project (regional funding does not count against the country cap). Additional funding opportunities do not count against the country cap (e.g., innovation grants; project scale-up grants; learning and LLA grants; enhanced-direct access grants).

Application process and deadlines

Project proposals can be submitted on a rolling basis. The Board reviews proposals during its regular meetings.

For comprehensive information about the application process, please visit: <https://www.adaptation-fund.org/apply-funding/>

Accreditation through the Adaptation Fund

1. NOMINATION An entity that meets AF's accreditation standards is identified and nominated by a Designated Authority:

- **NIEs:** Must be nominated by their respective governments prior to submitting an application for accreditation
- **RIEs:** Must receive a letter of support from at least two of the countries in which they operate
- **MIEs:** Invited by the Board to apply for accreditation and do not require an endorsement letter to submit an application.

2. APPLICATION

Send an email to afaccreditation@adaptation-fund.org with subject heading: Accreditation application.

Eligible countries can accredit up to two NIEs.

Available training support

E-courses on the various grants are open to anyone (available in English, French and Spanish).
