Adaptation Fund Board
Forty-third meeting
Bonn, Germany, 10-11 October 2024

Agenda item 10 a)

ENHANCING CIVIL SOCIETY ENGAGEMENT AND OPTIONS FOR ACTIVE CIVIL SOCIETY OBSERVER STATUS

Background

1. The Adaptation Fund (the Fund) has recognized the importance of its engagement with civil society as well as contributions of civil society to the Fund's work. While several aspects of the Fund's engagement with civil society have been considered best practice, the Board acknowledged, at its thirty-third meeting, the importance of further enhancing the participation of civil society in the work of the Board.

2. The Board, at its thirty-third meeting, decided to request the secretariat:

(a) To explore, in consultation with civil society and drawing lessons from other climate funds, options to further enhance civil society participation and engagement in the work of the Board; and

(b) To prepare a document and submit it to the Board for consideration at the thirty-fourth meeting.

(Decision B.33/54)

3. Pursuant to Decision B.33/54, the secretariat presented document AFB/B.34/11 to the Board at its thirty-fourth meeting, which contains potential options for the Board to enhance civil society participation and engagement in the work of the Board considering the current practices of the Board, the practices of other climate funds, the observations and recommendations that had been received from the *Adaptation Fund NGO Network*¹ and their financial, operational and legal implications of the potential options. The recommendations from the Adaptation Fund NGO Network were initially conveyed to the Board during the bilateral meeting between the two parties that took place in the margin of the thirty-fourth meeting of the Board. Later, in February 2020, the Adaptation Fund NGO Network officially published the briefing paper "*AF NGO Network recommendations: Further strengthening civil society engagement in the work of the Adaptation Fund Board*"². Since then, the Board discussions on the matter have proceeded with consideration of the recommendations from the AF NGO network.

4. At the thirty-fourth meeting, the Board had a limited time to discuss the information presented in document AFB/B.34/11 and decided:

(a) To provide the secretariat with comments on the options provided in document AFB/B.34/11 during the intersessional period between its thirty-fourth and thirty-fifth meetings; and

(b) To request the secretariat to present a document which compiles comments and input received from the Board to the thirty-fifth meeting of the Board for consideration.

¹ The Adaptation Fund (AF) NGO Network announced the change of its organizational name to the "Adaptation Fund (AF) Civil Society Network", through its [Draft Governance Arrangements](#) issued on 19 October 2021.

(Decision B.34/51)

5. Pursuant to Decision B.34/51, the secretariat prepared and circulated a survey on the subject matter to the Board during the intersessional period between its thirty-fourth and thirty-fifth meetings and prepared a document containing a compilation of responses and comments collected by the survey. Due to the limited time to exchange on other complex topics in Board meetings organized virtually during the COVID-19 pandemic, this agenda item was not taken up at the first and second sessions of the thirty-fifth meeting of the Board and was presented at the thirty-sixth meeting instead.

6. At its thirty-sixth meeting, the Board discussed the initial survey results presented in document AFB/B.36/7 and decided to request the secretariat:

- (a) *To resubmit the initial survey including the updated questions among the Board members and alternates, during the intersessional period between its thirty-sixth and thirty-seventh meetings, which reflect the Board's discussions held at its thirty-sixth meeting, including on the need of defining civil society organizations;*
- (b) *To conduct a study on the need for a policy for civil society engagement with the Adaptation Fund, taking into account the practices and policies of other climate funds;*
- (c) *To present a document containing the outcome of the work as referred to in subparagraphs (a) and (b) above for the Board's consideration at its thirty-seventh meeting.*

(Decision B.36/44)

7. Pursuant to Decision B.36/44, the secretariat circulated the second round of the survey on the subject matter to the Board during the intersessional period between its thirty-sixth and thirty-seventh meetings and also conducted the study on the need for a policy for civil society engagement with the Fund. At the thirty-seventh meeting of the Board, the secretariat presented the results and analysis of the second round of the Board survey and the study on the need for a policy for civil society engagement with the Fund, taking into account the practices and policies of other climate funds.

8. At its thirty-seventh meeting, the Board considered options to further enhance civil society participation and engagement based on the results of the Board survey and the study on the need for a policy for civil society engagement presented in document AFB/B.37/8 and decided:

- (a) *To request the secretariat, with a view to enhancing the Adaptation Fund's collaboration with civil society:*
 - (i) *To continue engaging with civil society and other stakeholders for their active contribution to the process of reviewing the existing and emerging policies and procedures of the Adaptation Fund (the Fund);*

- (ii) *To create a dedicated section on the Fund's website related to the Fund's engagement with stakeholders, including civil society, and update it as the discussions on stakeholder engagement evolve;*
 - (iii) *To invite civil society members to the Fund's readiness workshops and webinars and consider organizing a session dedicated to civil society engagement, as appropriate and within budget;*
- (b) *To request the secretariat to prepare a draft outline of a policy or guidelines on civil society engagement, taking into account the findings of the survey results and the study on the need for the policy, as contained in document AFB/B.37/8, as well as the Board's discussions at its thirty-seventh meeting, and to present it for the Board's consideration at its thirty-eighth meeting.*

(Decision B.37/42)

9. Pursuant to Decision B.37/42, the secretariat prepared the draft outline of guidelines on civil society engagement considering items recommended by the AF Civil Society Network that received majority support and divided opinions in the Board survey and are implementable without amending the Rules of Procedure. The secretariat also included in document AFB/B.39/8 items recommended by the AF Civil Society Network that received majority opposition and divided opinions in the Board survey, and/or are not implementable without amending the Rules of Procedure.

10. At its thirty-ninth meeting, the Board considered the draft outline of guidelines and other information presented in document AFB/B.39/8 and decided to request the secretariat:

- (a) *To prepare a draft Adaptation Fund vision and guidelines for enhanced civil society engagement, based on the draft outline presented in table 1 of document AFB/B.39/8 and reflecting the discussion at the thirty-ninth meeting of the Board;*
- (b) *To compile any remaining elements recommended by the Adaptation Fund Civil Society Network that were not included in the draft outline referred to in subparagraph (a) above and their potential implications, for further discussion;*
- (c) *To present the documents referred to in paragraphs (a) and (b) above for the Board's consideration at its fortieth meeting.*

(Decision B.39/64)

11. Pursuant to Decision B.39/64, the secretariat presented the draft *Adaptation Fund vision and guidelines for enhanced civil society engagement* and a compilation of remaining elements recommended by the Adaptation Fund Civil Society Network that were not yet included in the draft outline of guidelines.

12. At its fortieth meeting, the Board considered the draft vision and guidelines, as well as the remaining elements that were not yet included in the draft outline of guidelines in document

AFB/B.40/7. During the discussion, the Board generally agreed not to include the three remaining items recommended by the Adaptation Fund Civil Society Network, namely a) establishing the Fund's own observer accreditation process, b) solicitation of stakeholder input on (re)accreditation, and c) solicitation of stakeholder input for intersessional decision-making, taking into consideration the implications that the secretariat presented in document AFB/B.40/7. The Board also agreed to continue its discussion on the option of establishing the "elected active civil society observers" as part of the draft vision and guidelines in its subsequent meetings.

13. Following the discussion, the Board decided to request the secretariat:

- (a) *To update the draft Adaptation Fund Vision and Guidelines on Enhanced Civil Society Engagement set out in annex 1 to document AFB/B.40/7, based on the discussion at the fortieth meeting of the Board, including discussion of the remaining items recommended by the Adaptation Fund Civil Society Network;*
- (b) *To prepare a draft guideline to establish the "elected active civil society observer" status, taking into account practices of other climate funds;*
- (c) *To submit the documents mentioned in subparagraphs (a) and (b) to the Board for consideration at its forty-first meeting.*

(Decision B.40/75)

14. Pursuant to Decision B.40/75, the secretariat presented the updated draft *Adaptation Fund Vision and Guidelines on Enhanced Civil Society Engagement* (document AFB/B.41/5), and the draft *guidelines for participation of active civil society observers* (document B.41/5/Add.1) for the Board consideration at its forty-first meeting. The Board discussed the presented options, but no consensus was reached on this agenda item at the forty-first meeting. Therefore, the Board decided to continue the discussion on the civil society engagement at the forty-second meeting of the Board.

Having considered the information contained in document AFB/B.41/5 and AFB/B.41/5/Add.1, the Adaptation Fund Board (the Board) decided to continue the discussion on options to further enhance civil society participation and engagement in the work of the Board at the forty-second meeting of the Board.

(Decision B.41/34)

15. At its forty-second meeting, the Board continued the discussion on options for participation of active civil society observers and agreed to establish the status of active civil society observers. The Board agreed to continue discussion on further details related to the participation and of active civil society observers in Board meetings.

The Adaptation Fund Board (the Board) decided:

- (a) *To establish the status of “active civil society observer of the Adaptation Fund” referred to in document AFB/B.42/9/Add.1, which will be granted to civil society representatives of the observer organizations accredited to the United Nations Framework Convention on Climate Change, entitling them to participate in the proceedings of the open segments of Board meetings and to make interventions, upon the invitation of the Chair of the Board, in order to present the views of civil society on matters being considered by the Board, in line with the rules of the procedure of the Adaptation Fund Board;*
- (b) *To request the secretariat to update the draft Adaptation Fund vision and guidelines on enhanced civil society engagement contained in the annex to document AFB/B.42/9 and the draft guidelines for participation of active civil society observers contained in annex I to document AFB/B.42/9/Add.1, taking into consideration the present decision and the discussion at the forty-second meeting of the Board, and to present them to the Board for consideration at its forty-third meeting, with a view to the future development of the process and guidelines for participation of the active civil society observers in the Board meeting.*

(Decision B.42/54)

Next steps

16. The (Draft) *Adaptation Fund Vision and Guidelines on Enhanced Civil Society Engagement* (Annex I to this document) contains all the elements that have been discussed and agreed in principle by the Board in its previous meetings, including paragraphs 12-13 to establish the status of “active civil society observer”. The Board is invited to consider the adoption of the updated draft vision and guidelines.

17. The (Draft) *Guidelines for Participation of Active Civil Society Observers* (Annex II to this document) contains more detailed guidelines for implementing the status of active civil society observers. In preparing these draft guidelines for active civil society observers, the secretariat considered suggestions from the AF CSO Network and practices of other climate funds, which are elaborated in document *AFB/B.41/5/Add.1*. The Board is invited to consider and agree on the remaining elements in the (Draft) *Guidelines for Participation of Active Civil Society Observers* and to consider their adoption. Annex I

(Draft) Adaptation Fund Vision and Guidelines for Enhanced Civil Society Engagement

*New elements are presented in blue. The main text reflects and builds on existing policies and practices.

Overview

1. This document outlines a vision and guidelines for enhanced civil society engagement for the Adaptation Fund (the Fund) based on the Fund's mandate and existing policies and practices, including the Fund's Operational Policies and Guidelines, and in line with the Fund's overall strategic vision, as outlined in the Medium-Term Strategy (2023-2027) and other relevant strategies.
2. **Mandate:** The Adaptation Fund's mandate is to assist developing country Parties to the Kyoto Protocol and/or the Paris Agreement that are particularly vulnerable to the adverse effects of climate change in meeting the costs of adaptation and to finance concrete adaptation projects and programmes that are country driven and based on the needs, views and priorities of eligible Parties.
3. **Mission:** Based on its mandate, the Adaptation Fund's mission under its Medium-Term Strategy (2023-2027) is to serve the Paris Agreement by accelerating effective adaptation action and efficient access to finance, including through direct access, to respond to the urgent needs and priorities of developing countries. The Fund does so by supporting country-driven adaptation projects and programmes, innovation, and learning with concrete results at the local level that can be scaled up. All of the Fund's activities are designed to promote locally based or locally led action, enhance access to climate finance and long-term institutional capacities, empower and benefit the most vulnerable people and communities as agents of change, advance gender equality, encourage and enable the scaling and replication of results, and strengthen complementarity, coherence and synergies with other adaptation funders and actors.

Vision, principles, and objectives

4. **Vision statement for civil society engagement:** The Adaptation Fund recognizes the critical role that civil society and other non-state actors play in supporting and enhancing adaptation efforts, particularly in marginalized and vulnerable communities. Effective adaptation requires active engagement with a wide range of stakeholders, including civil society, through inclusive, transparent and efficient processes to support activities that produce tangible results, foster innovation and promote knowledge sharing. Therefore, the Fund's vision is to engage civil society actors and other stakeholders in its work to achieve its mission of supporting concrete adaptation projects and programmes in developing countries and its mission of accelerating effective adaptation action and efficient access to finance, including through direct access.

5. Principles:

(a) Civil society actors are key partners in the decision-making and operations of the Adaptation Fund at various levels. This includes:

(i) the participation of civil society representatives as observers in Board meetings,

(ii) the contribution of civil society actors to the development of Fund-level policies, strategies, and resource mobilization, and

(iii) the inclusive participation of civil society and other stakeholders as part of stakeholder consultations in the AF project lifecycle from planning and implementation to evaluation and learning.

(b) The Fund's policies and practices for engaging civil society reflect a commitment to meaningful participation, inclusiveness, transparency, accountability, respect for human rights, gender mainstreaming, and a focus on the most vulnerable communities and groups as agents of change.

(c) The Fund seeks to engage with a broad range of civil society organizations, and to ensure that diverse perspectives and priorities are reflected in its decision-making and operational processes.

6. Objectives: With these vision and guidelines, the Fund aims to take actions to further enhance collaboration and engagement with not only civil society organisations but also wide range of stakeholders, such as the private sector, by building on the Fund's existing policies and practices. The objective of the vision and guidelines for civil society engagement is to:

(a) set a clear vision and reinforce the Fund's continued commitment to civil society engagement;

(b) streamline the existing policies and practices, in a consistent and comprehensive manner and add new elements that are decided by the Board based on the recommendations by civil society and other stakeholders;

(c) increase the visibility and communication of the Fund's commitment and practices on civil society engagement;

(d) provide the possibility to review and update the Fund's policies and practices on civil society engagement when needs arise to stay aligned with international best practices; and

(e) further define civil society within the context of the Fund's work.

Definition of civil society

7. In the work of the Adaptation Fund, civil society refers to a diverse set of actors that includes non-governmental organizations (NGOs), community-based organizations (CBOs), research and academic organizations, women's groups, indigenous peoples' organizations, and

other non-state actors. These organizations may be local, national, regional, or international in scope. In line with the Fund's Rules of Procedure, those civil society organizations are UNFCCC accredited observers that can attend meetings of the Board as observers.

8. While the private sector can play a role in financing and implementing climate adaptation projects, it is not typically considered to be part of civil society. The private sector can engage with and support civil society organizations in their efforts to address climate change, and partnerships between the private sector and civil society can be an effective way to mobilize resources and build capacities for adaptation.

9. The Fund's Operational Policies and Guidelines distinguishes the types of organizations that can implement and execute projects with funding from the Fund, as implementing entities and executing entities, respectively. It is important to note that while civil society organizations can become accredited as implementing entities and/or involved in the execution of projects and programmes as executing entities, taking either of those two roles comes to prevail in how the Fund defines its relationship with them, and such organizations are not considered to represent civil society during their engagement in either of these roles.

Engaging for active contribution of civil society and other stakeholders, including private sector

10. With a view to enhancing the Fund's collaboration with civil society, the Fund will continue engaging with civil society and other stakeholders for their active contribution to processes such as the process of reviewing the existing and emerging policies and procedures of the Fund.³
